

## EYEMOUTH HIGH SCHOOL DRESS CODE

As you may be aware the relaunch of our School uniform policy has been a considerable success. This is in no small part due to the role played by parents in supporting this initiative. The vast majority of our pupils now come to school in uniform and we thank parents for their support and hope that it continues into the future.

We ask that you help us in continuing the high standard of uniform achieved in the school. We appreciate that it is often difficult to be vigilant about such things with busy lives and the challenges teenagers present. For us as a school, uniform represents an identity and a "buy in" to the values we try to instil in young people. We believe we have a fair policy that allows for some personal choice within a range of options.

What is our dress code?

For all students, school dress code is:

- **Smart black trousers or skirt** (not tracksuit material, not faded or ripped, not shorts or leggings unless worn with a skirt)
- **Plain white or black collared shirt**
- **School tie**
- **School blazer or black school jumper with school logo or cardigan with school logo**
- **Black or brown footwear**

**Scottish Borders Council has made it clear that the following categories of clothing are unacceptable in any of their schools in any circumstances:**

1. Clothes which could cause health or safety difficulties for the wearer or others (eg clothes with a flammability warning).
2. Clothes which cause damage to the school (eg certain types of shoes).
3. Clothes which could lead to indiscipline or poor behaviour (eg clothing associated with particular sporting factions or teams).
4. Clothing which could cause offence to others in the school as a result of wording or pictures (eg certain t-shirts with explicit pictures or slogans and clothes which are too revealing, tight or short).
5. Clothing which encourages the use of alcohol, tobacco or drugs.

**No student will be allowed to wear such clothes in school and you are asked to ensure that your son/daughter complies with this requirement.**
